- Coordinate and develop the program and research agenda of the GSI along with the Executive team
- Support organization of research projects on GSI core themes such as performance measurement beyond GDP, humanistic digital governance, paradigm change
- Strategic guidance of the GSI program and oversight of its projects in line with the organization's vision and mission
- Activate, integrate and coordinate the GSI research network, including the Council for Global ProblemSolving, G/T20, G/T7, GSI Fellows along with the program team
- Support the production of written output of the GSI (e.g. in the G20 Insights Platform, Global Solutions Journal and media channels)
- Develop the program of the Global Solutions Summit along with the Executive and the program team
- Represent the GSI and its research activities in public forums and conferences

Qualifications

- Masters or doctoral degree in a field relevant to global problem-solving, including expertise in economics
- Postgraduate professional experience
- Interest and experience relevant to the G20 and G7 processes, multilateralism and global economic developments and global policy making
- Strong commitment to the values and aspirations of the GSI
- Excellent management, organization and communication skills
- Ability to work as part of a team and high level of personal initiative
- IT skills, i.e. Microsoft Outlook, Word, Excel and PowerPoint
- Fluency in written and spoken English and German

About the GSI

The Global Solutions Initiative is a global think tank network that develops policy recommendations for action on the most pressing issues of our time, as addressed by the G20, G7 and other global governance forums. The policy recommendations and

strategic visions are developed through a disciplined research program by leading think tanks and science organizations and discussed and refined in policy dialogues among decision-makers from academia, politics, business, and civil society. Applications should include a cover letter indicating your availability, expected salary, CV and relevant degrees. Applications are to be sent as PDFs (preferably in one file) to <mailto:mailtocareers@global-solutions-initiative.org>.
